Art Unit: 1771

1. As per Applicant's request in the CPA filing papers, the amendment of September 14, 1998 has been entered and carefully considered along with Applicant's accompanying remarks. The cancellation of claims and removal of "about" from the phrase "less than about 10%" has obviated the rejections presented under both 35 USC 112 first and second paragraphs. As for the art rejections, the removal of "about" from the percentage of the sheath has obviated anticipation but not obviousness.

- 2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
- 3. Claims 2-4, 9-10, 13-15, 17, and 20-22 are rejected under 35 U.S.C. 103(a) as being unpatentable over Lin, US 5,447,794 in view of the recognized state of the art of carpet fibers as was set forth in sections 5 and 6 of paper number 9.

The removal of "about" narrows the range for the amount of sheath component to be less than 10 percent. This value includes 9.9999999. The Examiner finds this to be substantially the same as or obvious of 10. On the other hand, Lin merely teaches that there should be 10 to 80, preferably 10 to 50 percent sheath. This teaches a preference towards lower values for the sheath. Further, the patent does not indicate why those end points where chosen and does not indicate that any undesirable result is obtained from values at or near 10%. Lastly, no unexpected results are obtained (positive or negative) by employing values at or near 10 %. Thus, it would have been obvious to one of ordinary skill in the art to employ less than 10% sheath component in

Serial Number: 08715,724 Page 3

Art Unit: 1771

the fibers of Lin, motivated by raw material cost saving since the sheath component is the

expensive material of the fiber structure.

Applicant's response does not address these new issues, so there is no argument for

rebuttal.

4. Any inquiry concerning this communication or earlier communications from the Examiner

should be directed to Terrel Morris whose telephone number is (703) 308-2414. The Examiner

can normally be reached Monday through Thursday from 7:00 am to 4:00 pm and on alternate

Fridays.

If attempts to reach the Examiner by telephone are unsuccessful, the Examiner's

supervisor, Mr. Marion McCamish, can be reached at (703) 308-3961.

The Office has established a Fax Center to handle Official communications from

Applicants via facsimile. Two numbers have been provided: (703) 305-3599 for After Final

communications and (703) 305-5408 for all other Official communications.

Any inquiry of a general nature or relating to the status of this application or proceeding

should be directed to the Group receptionist whose telephone number is (703) 308-0661.
